

Wayne Diemar

Director

Wayne is a Project Director for HunterNet, commencing in the role in July 2014, Wayne has been a member of HunterNet prior to that for about six years.

Prior to his role in HunterNet, Wayne worked for Downer as an Operations Manager, Area Manager, Mechanical Services Manager and as their Business Development Manager.

Wayne has experience working in the Power, Food, Manufacturing and Construction industries.

These roles have been underpinned by trade qualifications, a diploma in Management and leadership from Hunter TAFE and an MBA from the University of Newcastle.

Wayne's role within HunterNet is to provide support and assistance to the members through collaboration, access to opportunities, networks and services to assist the growth and development of their business.
