

# THE HUNTER & CENTRAL COAST SUPPLY CHAIN & LOGISTICS FORUM

Join us via Zoom for an informative presentation + Q&A with representatives from the largest port on the East Coast of Australia.

## PORT OF NEWCASTLE A REGIONAL SOLUTION TO KEEP YOUR SUPPLY CHAIN MOVING

Port of Newcastle is the largest port on the East Coast of Australia. As the Hunter, Central Coast and wider regions' trade gateway to the world, the Port plays a critical role in providing efficient and cost effective supply chains that enable local businesses to compete in global markets.

The Port is currently embarking on an ambitious diversification strategy, embracing new opportunities and new ways to grow.

Join Tony Corbett, Trade Development Manager for an overview of current operations and an update on future projects.

Attendees will also get a bird's eye view of the port on a virtual aerial tour as part of the presentation.

Also joining us is Wayne Kruger from Hunter Cargo & Customs to answer any freight and logistics questions you have.

**9.30AM FRIDAY 30TH OCTOBER**

Register here: <https://www.sticktickets.com.au/IKDYM>  
and you'll be emailed the Zoom link.
