

Central Coast Supply chain logistics forum 9th November 2023

Rarekind™

Top-Left to right Speakers James Brennan Head, New Ventures ,LX group, Neil Weste, Inventor and Engineer, Bruce Hegan Managing Director 4id Solutions. Bottom right Steve Rose Rarekind, Gail Cottrill CCIC, Bruce Hegan.

Our second Supply chain forum for 2023 was held at 4id Solutions who are based in North Wyong. Participants had the opportunity to engage and gain insights into the latest in cutting-edge contactless technologies such as RFID, sensors, Bluetooth Low Energy and Morse Long Range Communication, demonstrated by the 4id Solutions team.

These advanced solutions are enabling organisations to navigate complex regulatory environments, optimise operational processes, and deliver unparalleled precision in their products and services.

Rarekind™

They also ensure that businesses can adapt swiftly to changing requirements, establishing a new standard of excellence in today's competitive world.

Thanks to Bruce Hegan and his team at 4id Solutions and his guest speakers James Brennan and Neil Weste for their very inciteful presentations and site visit. They demonstrated the opportunities for supply chain digitisation that will no doubt become a must for industry.

About our host

4id Solutions specialises in the design and manufacture of smart labels, tags and wristbands incorporating various forms of contactless technologies.

Through an array of proprietary solutions and unparalleled production efficiencies, 4id presents innovations that transcend the realm of current industry thinking.
